Work Experience

VP of Marketing

Foclarity AI, Santa Cruz, CA

June 2023 – Present

- Develop and execute a comprehensive marketing strategy, driving customer acquisition and business growth.
- Establish and strengthen the brand identity, ensuring clear and consistent messaging across all channels.
- Lead **successful** customer acquisition campaigns, optimizing for conversions and scaling efforts as the startup grows.
- Collaborate closely with the founder/CEO to align marketing with product development, enhancing user experience and customer satisfaction.
- Build strategic partnerships and relationships, increasing visibility and credibility in the market.

Senior Product Designer

Wiser Solutions, San Mateo, CA (Remote)

April 2022 – March 2023

- Developed digital products for pricing and brand protection, enhancing product engagement and reducing churn.
- Created Figma prototypes to run usability sessions with customers and collaborate with Developers and Product Managers.

- Refined and applied Design System for brand consistency across newly acquired products.
- Collaborated with Marketing to **successfully** launch new products and onboard customers.
- Crafted marketing and transactional emails using Mailchimp and SendGrid.

Senior Product Designer

Axway, Phoenix, AZ (Remote)

March 2018 – April 2022

- Transformed complex product requirements into user-friendly workflows.
- Conducted onsite and remote usability testing programs with customers.
- Established and maintained compliance with Web Content Accessibility Guidelines (WCAG) 2.0.
- Designed SaaS applications for web, and native platforms (Android and iOS).
- Managed and mentored small design team (3 other designers).

Product Designer

Kiteworks, Palo Alto, CA

August 2014 – February 2018

- Redesigned the entire web UI of secure mail application, increasing adoption and renewals.
- Crafted strategic product design solutions, informed by user research and usability testing.
- Wrote concise content for UI (notifications, instructions, and button labels).

Design Lead

FastPencil, Campbell, CA

November 2011 – May 2014

- Redesigned the entire FastPencil cloud-based publishing platform, emphasizing overall experience and interface.
- Designed and developed book covers, templates, and marketing websites for authors.
- Digital Marketing and Design for growth of core SaaS products, as well as for individual authors.

Design Manager

McDill Associates, Soquel, CA

September 2008 – November 2011

- Managed design and production of advertising (web and print), branded events, and consumer packaged goods.
- Ensured compliance with U.S. and Canada regulations for food package labels.
- Designed packaging, advertising, catalogs, signage, event branding and marketing communications.

Education

- Santa Cruz High School, Santa Cruz

High School Diploma

- UCSC, Cabrillo College, San Jose State University, UCSC Extension

Various studies with a focus on Fine Arts and Graphic Design and Production
